## **Raiffeisen Aval Asset Management and financial company Ukragnet has agreed to launch investment fund**

Raiffeisen Aval Asset Management and financial company Ukragnet (internet-broker ITrader) has agreed to launch mutual investment fund “ITrader – Infrastructure Equities”. The Fund will be designed in the frames of Individual Investment Solutions service of Raiffeisen Aval Asset Management for companies from financial sector – such form of cooperation is well-known globally as Private Label Funds (funds with private name).

“Development of Private investment funds service in Western countries provided companies with abilities to realize innovative investment solutions for their clients in capital investments sphere and ensure them with wide opportunities and effective management. Today, Raiffeisen Aval and internet-broker ITrader have launched the first in Ukraine investment fund of such category”, - comments the CEO of Raiffeisen Aval Asset Management Vadym Mosiychuk.

It's unprecedented for Ukraine to have such cooperation between financial sector companies and moreover by launching this product they confirm their innovative approach in business.

“After finishing registration procedures existing and potential clients of Ukragnet will obtain additional investment horizons at Ukrainian stock market, so together with traditional brokerage and internet-trading service clients could use advantages of new instrument with lower minimal investment into strategy of income achievement from infrastructure development in Ukraine. Such strategy is one of the most attractive today cause of Euro 2012 and national projects declared at governmental level”, - says Sergey Lutvun, the President of the financial company Ukragnet.

Individual investment solutions service provides creation of personal investment fund for private investor on basis of proposed investment strategies: capital growth, capital income, capital preservation, capital inheritance or investor's individual investment strategy.
